3. State Water Resources Control Board -24 hour		916-845-8911	800-852-7550

An appropriate method of notifying small water system users of imminent danger from unsafe water must be used. Users must be informed that water must not be consumed until it is safe to do so. Please acknowledge methods you will use to notify your water system users in the event you must initiate your Emergency Notification Plan.

I propose to notify my water consumers by the following method(s):

- Post warnings in a conspicuous place Shutting off all water
 Door to door contact Written hand outs
 Telephone
 I propose to notify my water consumers by the following alternative method:

Consideration must be given to special organizations (such as schools), non-English speaking groups, and outlying water users. Ensure that the notification procedures you describe are practical and that you will be able to actually implement them in the event of an emergency.

***Emergency notifications issued by telephone auto-dialer must include calls to Sacramento County Environmental Management Department contact.**
