Background:

On December 14, 2022, Local Enforcement Agency (LEA) staff received an application package for a Solid Waste Facility Permit (SWFP) from Aerojet Rocketdyne, Inc. (Aerojet) for the Aerojet Waste Consolidation Unit (AWCU). The SWFP will allow Aerojet to operate a solid waste landfill, referred to as the AWCU, for the disposal of material excavated from the AWCU Service Area, as described in the Joint Technical Document (JTD) dated December 2022.

	The proposed permit would allow the Aerojet Waste Consolidation Unit to accept a maximum of 12,000 tons per day of Transfer Material, with a proposed site capacity of 1,000,000 cubic yards.
Purpose:	To provide information to the public on the Solid Waste Facility Permit, pursuant to Title 27 of the California Code of Regulations (27 CCR), Section 21660 et seq. The meeting is for any interested parties to learn more about the proposed permit and to provide comments to the LEA regarding the proposed action.
Project Name:	Aerojet Waste Consolidation Unit, SWIS # 34-AA-0240
Project Location:	12353 White Rock Road, Rancho Cordova, CA 95742 (APN 07201000200000)
Applicant/Operator:	Aerojet Rocketdyne, Inc.
Owner:	Aerojet Rocketdyne, Inc.
Applicant Contact:	Chris Fennessy Aerojet Rocketdyne, Inc. 2001 Aerojet Road, Rancho Cordova, CA 95742 (916) 355-5454
CEQA Contact:	California Regional Water Quality Control Board 11020 Sun Center Drive, #200 Rancho Cordova, California 95670 (916) 464-4625
LEA Contact:	Matthew Keene Environmental Management Department (EMD) 11080 White Rock Road, Suite 200 Rancho Cordova, CA 95670 (916) 591-2635 keenema@saccounty.gov

Project Description:

The Proposed Project involves construction of a Class II Landfill, known as the Aerojet Waste Consolidation Unit (AWCU) on top of the existing non-operating White Rock North Dump. The AWCU would accommodate

1,000,000 cubic yards of "Transfer Material" excavated from within the AWCU Service Area, defined as the access-controlled 8,500-acre Aerojet Sacramento facility. The project includes transportation of Transfer Material from the existing Aerojet Landfill consistent with the separately approved Aerojet Landfill Clean Closure Plan.

The proposed permit would allow the following:

- **Accepted Waste Streams:** "Transfer Material"
- **Maximum Tonnage:** 12,000 tons per day
- **Traffic:** 520 trips per day
- **Hours of Operation:**
 - Hauling and landfilling of Transfer Material: M-F 7am – 6pm,
 - Ancillary Operations/Facility Operating Hours: 24 hrs/day, 7 days/week

The Mitigated Negative Declaration for the Aerojet Waste Consolidation Unit Project was adopted on October 21, 2020. The AWCU is subject to the permit requirements of Federal, State, regional, and local regulatory agencies and governmental organizations. A number of regulatory agencies, including CalRecycle and local enforcement agencies (EMD, Central Valley Regional Water Quality Control Board, and Sacramento Metropolitan Air Quality Management District), have regulatory jurisdiction on the permitting, design, construction, operation, closure, and post-closure maintenance of the AWCU.

Additional Information/Comment Submittal:

Copies of the proposed Solid Waste Facility Permit and the permit application package are available for public review by appointment at the EMD office, 11080 White Rock Road, Suite 200, Rancho Cordova, CA 95670. The public notice can be viewed at:

<http://www.emd.saccounty.net/EMDPublicNotices.html>

Written comments on the Solid Waste Facility Permit can be sent to the following:

Sacramento County Environmental Management Department
Attn: Matthew Keene
11080 White Rock Road, Suite 200
Rancho Cordova, CA 95670

or emailed to keenema@saccounty.gov

Appeal process information:

For information on the appeal process to challenge the LEA's approval of the SWFP, you may contact Matthew Keene at (916) 591-2635 or by email at keenema@saccounty.gov.
