DATE APPLICATION RECEIVED:	April 6, 2021
DATE LEA ACCEPTED APPLICATION:	May 6, 2021
LEA CONTACT:	Eric Haupt (916) 591-0932

Introduction

Please be advised that the Sacramento County Solid Waste Local Enforcement Agency (LEA) received and approved a Report of Facility Information (RFI) Amendment application for Lopez Agricultural Services Composting and Soil Blending Facility (DBA Sacramento Composting and Recycling Facility) to revise the facility's Report of Composting Site Information (RCSI). The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the County and City of Sacramento, including composting facilities.

Description of project and LEA's determination

Lopez Agricultural Services Composting and Soil Blending Facility is a composting facility located at 11499 Florin Road in Sacramento, CA 95830. On April 6, 2021, LEA staff received an RFI Amendment application package for an amendment to the Report of Composting Site Information (RCSI) for Lopez Agricultural Services, Inc., located at 11499 Florin Road in Sacramento, California.

The RFI amendment is a proposed RCSI revision to address the placement of a new modular building near the site's scale house, identifying the location of a stormwater retention pond required by the RWQCB adjacent to the organic compost processing area on the site map, correcting green waste processing timelines per LEA input, and for the identification and use of a designated area near the current green waste processing pad where the operator may begin conducting small scale winter organic composting operations if needed to meet RWQCB requirements. The RCSI revision also updated contact information for the facility, equipment inventory, updated existing figures, and added additional language to clarify soil blending and composting procedures.

LEA staff reviewed the application package and found that the proposed revisions do not conflict with the terms and conditions of the Solid Waste Facility Permit, is consistent with State Minimum Standards, and is consistent with applicable CEQA documents. As such, the revisions were accepted by the LEA on May 6, 2021.

Where copy of application can be reviewed

A copy of the approved application for the RFI Amendment is available for public review by appointment in the LEA office located at 11080 White Rock Road, Suite 200, Rancho Cordova, CA 95670.

LEA contact Information

If you have any questions after reviewing the above information or would like to schedule an appointment to review the RFI Amendment package, please contact Eric Haupt at (916) 591-0932 or by email at haupte@saccounty.net.

Appeal Process Information

For information on the appeal process to challenge the LEA's approval of the RFI Amendment, you may contact Eric Haupt at (916) 591-0932.
